**To Our Patients:**

The physicians of Arthritis & Osteoporosis Associates, Dr. Bushan, Dr. Calmes, Dr. Zhenhao (Larry) Liu and Dr. Warmoth along with Nurse Practitioners Autumn Beasley, Lynsey Blankenship and Ravyn Barr wish to inform you that they will do not attend or consult patients in the hospital. We will, of course, be available to consult by phone with the attending physician and other consultants regarding the hospital care of our patients for continuity of medications and to discuss our patients' rheumatologic diagnosis. One of our physicians will always be on telephone call to advise you regarding problems or emergencies that may arise after hours or on weekends. We do advise each of you to have a personal primary care physician to direct your hospital needs and coordinate appropriate consultations in the hospital.

The face of rheumatology practice is changing nationwide, and the trend is for practicing rheumatologists to focus on the outpatient care of our patients. We continue to strive to provide state of the art care of your rheumatic diseases in our outpatient clinic and our time and energies need to be directed toward the care of our office patients. We are adding new technologies in our practice with addition of musculoskeletal ultrasound.

As always, we continue to be committed to providing quality care for our patients and are dedicated to making your experience in our outpatient clinic a pleasant experience. We thank you for your loyalty as we partner in your medical care.

Sincerely,

Naga Bushan, M.D.
